ECEM AUTOMOTIVE

STD ECEM

“Your reliable supplier”

Established in 1979, ECEM OTOMOTİV KAUÇUK MAKİNE VE YEDEK PARÇA SAN. VE TİC. LTD. ŞTİ. started in 1999 in its integrated facilities built on an area of 6500 square meters in Bornova, İzmir.

In 2002, we started the production of rubber and metal parts for Volkswagen and Mercedes vehicles, started to support the spare parts sector with new products.

In 2003, we obtained TUV- DIN EN ISO 9001:2000 Quality System Certificate from Germany to meet all necessary requirements.

In 2003, new products control cables were included in the production of company such as clutch, handbrake, accelerator, hood and door opening cables are for Ford's passenger and light commercial vehicles. During second half of 2003, we increased the variety of products by producing suspension parts.

Our services to automobile industry,

ECEM OTOMOTİV KAUÇUK MAKİNE VE YEDEK PARÇA SAN. VE TİC. LTD. ŞTİ. produces spare parts in original product quality with its R&D and innovation studies.

Our company has been exporting to 23 countries since the day it started production life and continues to export products.

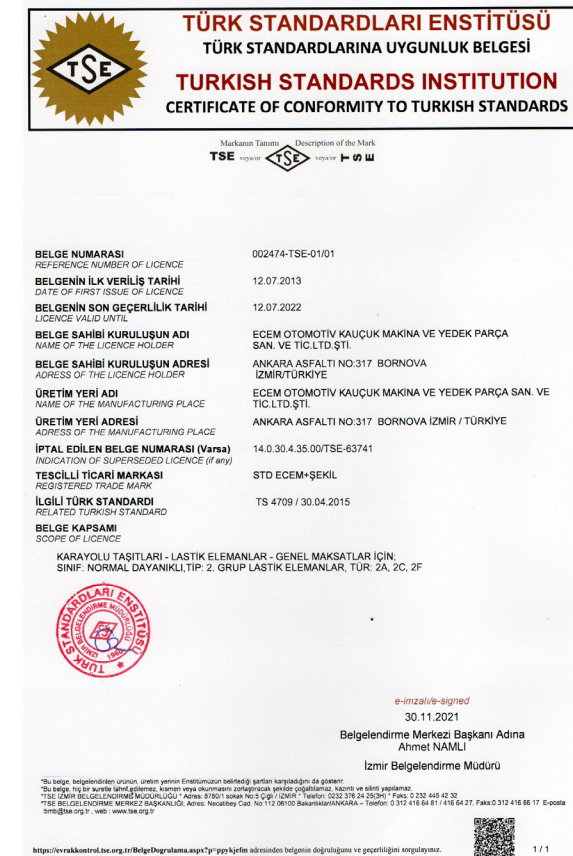

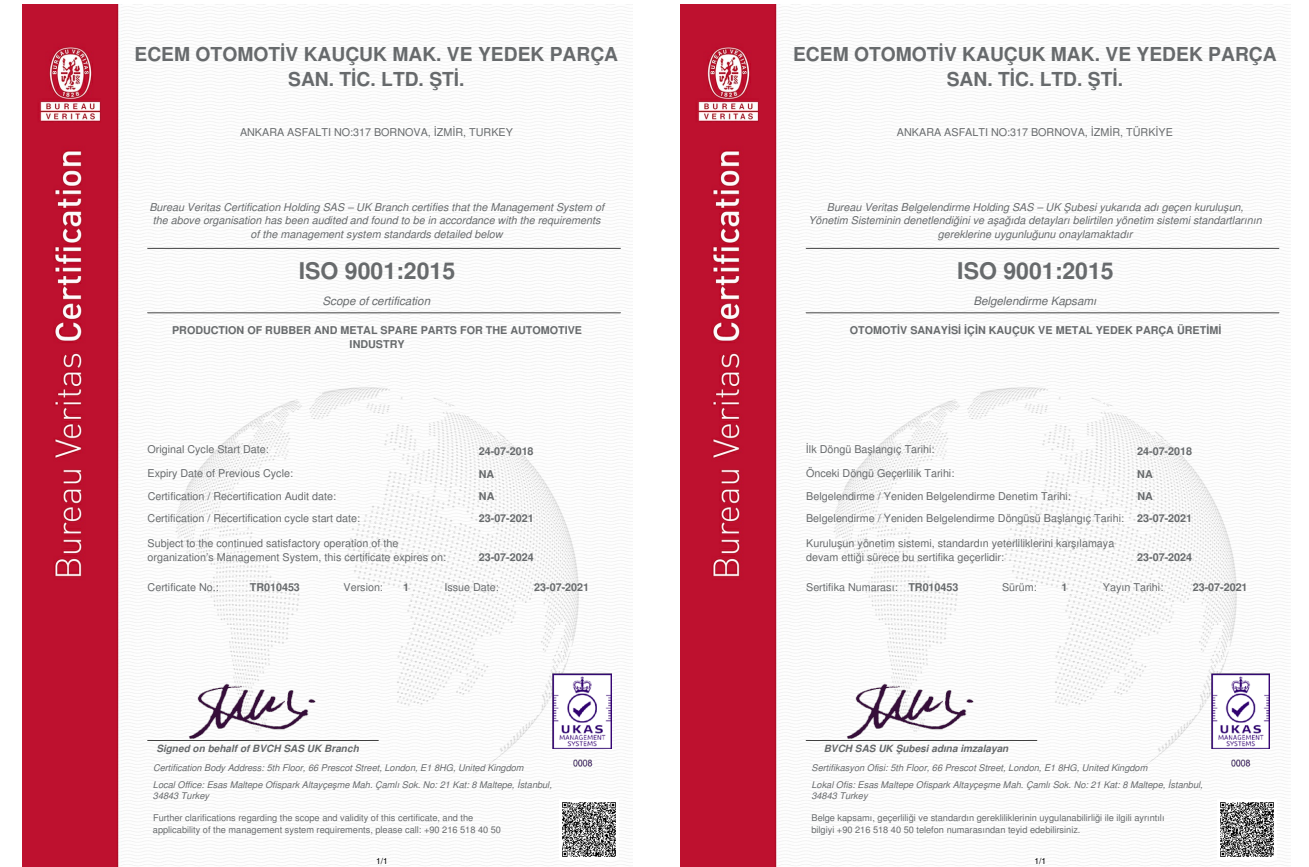

It has the knowledge and experience to produce rubber parts that can be used not only in the automotive sector, but also in construction equipment and almost every stage of the industry. We have the capacity and ability to produce any rubber or rubber to metal part in accordance with technical drawings and/or samples.

Within the scope of innovative investments;

Our company is within the scope of quality assurance; It continues its continuous improvement works by closely following the automotive market with its R&D investments. With the renewal of production technology and modernization of machinery, it has accelerated its investments in machinery with advanced technologies, and in parallel with these investments, we aim to be a followed, not a follower, in a competitive environment by giving importance to the training of our employees.

Why customers should choose us;

Because we are customer-friendly, high quality, good in after-sales services and we are corporate.
